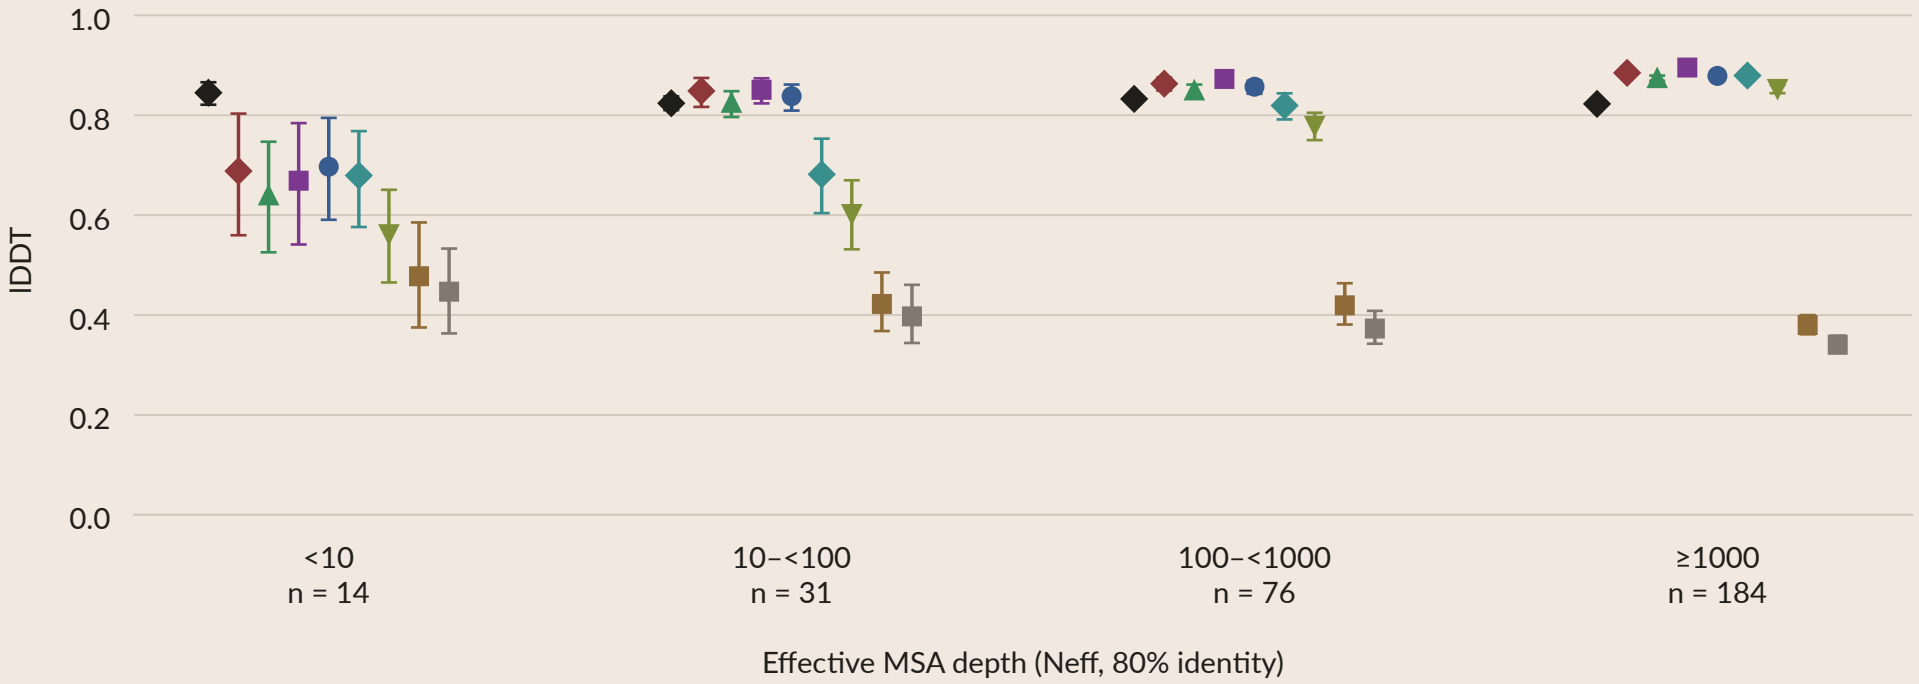
What if we knew L/2 true contacts?

Natural FoldBench monomers · mean and 95% interval



- Helico + L/2 oracle contacts*
- AlphaFold3 + MSA
- AlphaFold2 + MSA
- Boltz-2 + MSA
- Protenix-v2 + MSA
- ESMFold2
- ESMFold
- Protenix-v2 · single sequence
- Helico · no contacts

*Oracle: L/2 random true contacts; other pairs unknown. Two subsets averaged per protein; no MSA.
